PROFESSIONAL SUMMARY

Senior Full-Stack Engineer with **10+ years of experience** designing and delivering scalable, high-performance web platforms across modern frontend and backend ecosystems.

Specializes in **React, Next.js, TypeScript, and Node.js**, with strong expertise in **API architecture, authentication systems, database design, and developer-friendly frontend architectures**.

Proven record of delivering **production-grade platforms for U.S. and European companies** in remote Agile environments. Known for architecting maintainable systems that balance **performance, scalability, and developer experience**.

Core focus areas include:

- Full-Stack Architecture
 - Frontend Engineering & Design Systems
 - REST API Design & Backend Services
 - Scalable Data Layers
 - Performance Optimization
 - Developer Experience & Clean Architecture
-

CORE TECHNICAL SKILLS

Frontend Engineering

React • Next.js • TypeScript • JavaScript (ES6+)
Vue.js • AngularJS • EmberJS • Gatsby • Preact

HTML5 • CSS3 • Responsive UI Architecture

UI Frameworks & Design Systems

TailwindCSS • ShadCN • Mantine • Material UI
Ant Design • Bootstrap • Semantic UI

Component-Driven Development • Storybook
Accessibility (a11y) • Design System Architecture

State Management & Data Layer

Redux • React Context • TanStack Query

Backend Engineering

Node.js • Fastify • Express
REST API Architecture
JWT Authentication & Security

Python (FastAPI, Flask)

Databases

PostgreSQL • MySQL • MongoDB • SQL Server

Infrastructure & Developer Experience

Docker • CI/CD Pipelines • Git & GitHub

Vite • Webpack
Monorepo Architectures (Nx)
Serverless Architectures

Testing

Jest • React Testing Library • Cypress
Backend Unit Testing

Headless CMS

Contentful • Strapi • Sanity • KeystoneJS • NetlifyCMS

PROFESSIONAL EXPERIENCE

AG Software, S.A

Senior Full-Stack Web Developer
Mar 2026 – Present

Designing and developing a full-stack web platform supporting a **Classical Conversations learning community**, enabling families and tutors to organize curriculum resources, weekly meetings, and student learning cycles.

Key Contributions

- Built a full-stack education management platform using **React, Node.js, and PostgreSQL**
 - Developed secure **REST APIs with Fastify and JWT authentication**
 - Implemented normalized **PostgreSQL schemas and database migrations**
 - Designed responsive frontend interfaces supporting tutors and families
 - Applied clean architecture principles to improve scalability and maintainability
 - Maintained detailed developer documentation and onboarding guides in GitHub
-

Uniquet – pCare Interactive Patient Care System

Freelance Software Engineer
Jan 2025 – Present

Providing engineering support for a **hospital patient engagement platform** that transforms patient-room televisions into digital communication hubs.

Key Contributions

- Developed modules supporting **Interactive Patient TV and digital whiteboards**
 - Integrated hospital services including **EHR systems and telepresence tools**
 - Improved reliability of patient-facing experiences and hospital communication workflows
 - Supported large-scale digital hospital transformation initiatives
-

MGT Insurance

Senior Web Application Developer

Jan 2025 – Present

Architecting a modern insurance automation platform designed to streamline internal workflows and client onboarding.

Key Contributions

- Built a scalable **Next.js + TypeScript application architecture**
 - Developed complex multi-step form systems for insurance workflows
 - Integrated **DocuSign and HubSpot APIs** for document automation
 - Improved UI consistency through reusable component architecture
-

Udemy

Senior Web Application Developer

Jul 2024 – Jan 2025

Contributed to internal infrastructure supporting platform modernization.

Key Contributions

- Built a **Next.js application within a Python + React monorepo**
 - Improved internal lead processing systems and data pipelines
 - Delivered foundational architecture for upcoming platform releases
-

Allied Global Technology Services – Amni AI

Senior Web Developer
Jun 2024 – Jul 2024

Worked on a supply-chain intelligence platform for logistics analytics.

Key Contributions

- Built responsive interfaces using **Next.js 13 and TypeScript**
 - Implemented secure **JWT authentication workflows**
 - Integrated frontend applications with **AWS Amplify and SST services**
-

Allied Global Technology Services – Catalis

Senior Software Engineer
Oct 2023 – Jun 2024

Worked on digital government platforms used by U.S. state agencies.

Key Contributions

- Refactored application architecture for improved scalability
 - Improved frontend performance across multiple government systems
 - Ensured compliance with government software standards
-

Applaudo – Truehold

Senior Frontend Developer
Mar 2023 – Oct 2023

Developed real-estate platform services within a monorepo architecture.

Key Contributions

- Built scalable applications using **React, Next.js, and TypeScript**
 - Improved accessibility and frontend performance
 - Optimized developer workflows across multiple repositories
-

Applaudo – Chatlingual

Senior Frontend Developer

Aug 2021 – Dec 2022

Developed multilingual enterprise messaging tools.

Key Contributions

- Integrated **Salesforce, LivePerson, Genesys Cloud, Zendesk**
 - Implemented **DeepL translation API workflows**
 - Improved reliability across communication platforms
-

Early Career Highlights

Infosystem — Software Engineer

Improved system performance by **25%**

Microsoft — Reporting Analyst

Automated reporting pipelines saving **20+ hours per week**

CareerBuilder — UI/UX Designer

Designed **50+ client templates increasing engagement by 30%**

RE/MAX — Graphic Designer

Created marketing assets for **350+ real estate listings**

SMBS Solutions — Team Lead

Managed **9 developers and improved issue resolution by 40%**

EDUCATION

Universidad Nacional de Ingeniería

Bachelor of Technology – Computer Programming

Latam Technologies

Associate of Science – Information Technology

INTAE

Associate of Science – IT Administration & Management

CERTIFICATIONS

AWS Certified Cloud Practitioner
Amazon Web Services

Cisco Introduction to Cybersecurity
Cisco Networking Academy

Python for Everybody Specialization
University of Michigan – Coursera
